\$100 A MONTH FOR LIFE

A WOMAN CLIENT of ours has a guarantee from us of \$100 a month for life after she reaches sixty.

If she dies before sixty, all her deposits will be returned with dividends to her heirs. Should she discontinue her contract, its full cash value will be paid to her with dividends.

No matter how long she lives after age sixty, she cannot outlive her monthly income—and the longer she lives, the larger will be her return on her original investment.

Poverty in old age can never be her lot. When her earning power has passed, she is assured of many happy years, free from dependence upon charity or relatives.

Let us show you how cheaply and easily this can be done.

RUTLAND

LOCATION—Rutland, known as "The Marble City," is located midway of the State north and south. It is about 15 miles from the western boundary and has many of the characteristics of the great neighboring State of New York. Distances as follows to important eastern points: New York 235 miles, Boston 167, Montreal 176, Philadelphia 325, Baltimore 420, Burlington 68, Montpelier 66, Bellows Falls 51, Glens Falls 50, Bennington 57, North Adams 77, Schenectady 95, Ogdensburg 224, St. Johnsbury 106, Brattleboro 77.

TOPOGRAPHY—Probably no important city in New England has so grand a setting as Rutland. The city lies among picturesque lakes and streams, the encircling mountains are near, yet far enough away to give plenty of building room and the broad valley running north and south for many miles is one of the beauty spots of America. Noted mountain peaks of the Green Mountain and Taconic ranges can be seen from high parts of the city. The highest peak visible is Mt. Killington, over 4,000 feet. City is 600 feet above sea level. Contains land area of 5,335 acres, water area of 100 acres.

HISTORICAL—The history of Rutland vies with any city in the land for interest. It was settled in 1761, and by 1774 there were 35 families. In common with all frontier settlements it suffered from the depredations of the Indians, and also from the Colonial and Indian Wars. Probably named after Rutland, Massachusetts, because the first grantee of the charter for township was a John Murray from that town. Incorporated a city in 1892.

INDUSTRIAL—Rutland leads the State in industry. In 1930 there were 37 major plants producing \$6,118,927. Employing 1,642 with a payroll of \$2,093,861 annually. Materials used annually cost \$2,386,421. In the Greater Rutland industrial district there are 113 plants with 5,112 employees, and a payroll of \$6,642,906, value of products annually \$17,950,765. The leading products are antiseptics, medical products, awnings, flags, barrels, confectionery, cement, tile, dairy and creamery

machinery, women's clothing, fire clay, roof cement, shirts, collars, ice cream, printing, maple sugar utensils, marble, mattresses, railroad car repairing, sand pumping machinery, scales, trucks, refrigerators, beverages, steam boilers, iron work, stone working machinery, tin cans, wood working materials, granite, slate, garden tools, toys, artificial stone finish, iron castings, fruit packing, clothes pins, threshing machines, saws, dairy products. The quarrying of marble, slate, lime, talc, soapstone and fire clay is extensively carried on in the Rutland district. Agriculture, fruit raising and dairying are important in the county. There are 44,184 farm animals in the county. 92% of the labor supply is native born. Average work day in factories is 9 hours, in building trades 8 hours. Available industrial sites are of the best and on trunk line railroads.

FINANCIAL—Rutland has 7 banks and 1 co-operative bank. There

are 4 national banks with capital and surplus of \$1,040,000 and deposits of \$5,785,000; 1 trust company with capital and surplus of \$424,000 and deposits of \$2,000,000; 2 savings with resource of \$22,000,000. There is 1 trust com-

pany in Proctor. This makes a total of 8 banks covered by this Directory. City real estate valuation is \$14,100,000, assessed at about two-thirds value.

EDUCATIONAL—There are 6 elementary schools, 1 high and 1 intermediate, making a total of 8 schools. Through a new high school building, provision has been made for growth which is pressing. There are 8 principals and 62 teachers. The schools are managed through a board of commissioners of 11 members elected by the voters of the city. The present enrollment is about 2,600. The parochial school enrollment is over 1,000. Increased enrollment since 1920 is 20%. Public Library has 27,948 volumes. Directory Library has 250 volumes covering 1,200 cities and towns at Chamber of Commerce and maintained by H. A. Manning Company.

POPULATION—The 1930 population of Rutland City was 17,308, Rutland Town and City 18,695. Excess of females over males is 800. Excess of births over deaths is 960 in 7 years past. Since 1870 the growth has been as follows: 1870, 9,834; 1880, 12,149; *1890, 11,760; *1900, 11,449; 1910 13,546; 1920, 14,954; 1926, 14,825; 1927, 17,446. Total population covered by this directory is 26,283.

MERCANTILE—Rutland is trading center for 100,000. It is the commercial center for an area covering a radius of 40 miles from the city. It has 300 fine stores, retail and wholesale; it has 200 professional offices. The annual payroll of the Rutland industrial district is over \$6,000,000, for all workers within the city is well over \$7,000,000.

*Area reduced from previous census.

TRANSPORTATION—Rutland is the largest railroad center in the state. Steam railroad lines diverge in six directions. The headquarters of the Rutland Railroad is located here, this system has 413 miles of main line running from Troy, N. Y., through the length of Vermont and across northern New York to Ogdensburg where it connects with Great Lakes-St. Lawrence River navigation; there is also a branch

from Rutland to Bellows Falls where it connects with two important divisions of the Boston & Maine Railroad; a high type of passenger service is maintained; it is one of the great freight services of New England with its transcontinental connections. The Delaware & Hudson Co. have the terminus of two divisions here: the Whitehall division connects with the main line and offers a route into Canada and also into Pennsylvania without change; the other divisions connects with the main line at Troy. The Clarendon and Pittsford Railroad is a short line. Total number of passenger trains in and out of Rutland daily are 26. There are 13 regular freight trains, the total inbound and outbound tonnage annually is 253,000 tons. With the discard of street railway system Rutland inaugurated a complete bus system which has grown very efficient and not only serves locally but interurban. There are also 7 interurban bus lines covering a total of 295 miles. The main route highways diverge in six directions from Rutland. Two of these highways are concrete and three macadam. The airport has a runway of 1,900 feet north and south and 1,200 feet east and west.

MISCELLANEOUS—Rutland has 55.8 miles of streets with 9.27 first class, 19.75 second class, 24.93 third class, 1.87 fourth class. City owns \$754,000 real estate not including school property. Water reservoir capacity 4,704,520 gallons; increase of 11% domestic water users in past 7 years; total minimum yield of watershed is 11,024,360 gallons per day; daily average consumption is 2,500,000 gallons daily; average water pressure is 85 pounds. Post Office receipts are about \$110,000 annually; money order business runs over \$600,000 annually; increase in postal receipts in 10 years is \$41,000. Fire Department has 2 stations with 26 men. Police Department has one central station with 14 men. 3 playgrounds with weekly attendance of over 2,000. 1 hospital with 80 beds and annual patients of over 2,000. 14 churches, 50 fraternal orders. Nearly 4,000 dwellings with average of 5.2 persons per dwelling. There are 7 hotels with transient capacity of about 500, there are inns with transient capacity of 250, making a total transient capacity of 750. There is a Chamber of Commerce with over 150 members to which we are indebted for a portion of statistics used in this descriptive.

THE DIRECTORY

is a mirror reflecting every phase of municipal life and progress. Every business should be correctly and completely listed.

Rutland Directory 1933

The A - B - C of INSURANCE

Against Business Loss Means That You Must be Listed In the Great and Only Real Buyers Guide — The City Directory — The Publication that lists Them All.

If You are not Properly listed you are missing the opportunity that is presented to every business concern to become a stockholder in this great enterprise on a co-operative basis. The dividends are the service and low prices. It is the greatest illustration of the socialistic principle of doing business that there is in our modern society. The City Directory is the book of the people and places every individual in the city on the same basis. This gives the small business the same opportunity as the large business—a truly democratic principle and a rare one today.

It can, therefore, plainly be seen that it is expected that the "live" businesses can and will set forth in the City Directory the details of their business, for in no other place can these details be set forth at a minimum of expense and this information be distributed FREE OF EXPENSE to the Advertiser. The service is established and each business house can get on and ride at so low a price and on the same principle as the trolley car carries its passengers at a surprisingly low fare because of an established service.

Give this matter your careful attention and be listed in the Great Information Bureau of the City where it can be instantly located. It is a card index system of the city with four different ways of indexing and nothing with a name and address exists that cannot be readily found by any person who knows their A-B-C's.

you use his
City
Directory

Who

you.

Every City must have a Directory not only to give the names and addresses of its citizens, but also to give that character of progressiveness that would record the names of its people for historical purposes. Every one has forefathers, these forefathers have made the history of this country. Some day you will be the forefather and your descendants can visualize your life's work quicker through the registration in the Directory of your time than in any other way. THE BIOGRAPHICAL HISTORY OF THE MASSES IS CONTAINED IN THE CITY DIRECTORY AND NO OTHER PLACE. That stamps its importance to the family. To make your history, watch your directory registration to see that it accurately records your position in life from year to year.

THE CIRCULATION OF THE CITY DIRECTORY EXTENDS TO EVERY CITIZEN OF THIS CITY. The Information Bureaus of the City are for FREE public use and your merchant, banker, physician, dentist, hotel, restaurant and garage man expects that the masses of the people shall without hesitation ask for "a look at the City Directory."

LOOK FOR THE SIGN OF THE PROGRESSIVE MERCHANT

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of

buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

The Sign Over Your Door Means Something to You

But It Is Only Seen by People Who Pass Your Way

Make It Visible All Over the City

by being listed in large type under every heading in the
CITY DIRECTORY where a buyer might look for you—
GIVING INFORMATION that a BUYER WANTS when
he WANTS TO BUY. Advertising that lives and works
for a year.

Modern Maple Sugar Maker's Utensils

Grimm's Sap Spout

Most Sugar Makers tell us they get more Real Profit from their Sugar Orchards than from Any Other part of the Farm. The Grimm Evaporators, Special Coated Buckets, Covers and All Other Maple Sugar Making Utensils We Manufacture are Sold On Their Merit. If Interested, Ask for Catalogue.

Of Course

ADVERTISING COSTS MONEY

One of the stock alibis of persons who do not advertise or register their business strongly in the Directory is that advertising is an expense.

Of course it is. So is window trimming, lighting, heating, telephone service, postage, rent, cost accounting, price tags and almost everything else that helps to sell merchandise or service.

Yet no business man attempts to get along without these necessities. And most of them are advertising in one form or another.

Attractive windows are effective advertising only to those who pass the merchants place of business. An inviting interior, good lighting arrangement and price tags reach only those who come through the door.

But no merchant who wants to maintain even his present volume of business, to say nothing of increasing it, can hope to continue for very long, in the face of advertised competition, without some aggressive program to attract NEW customers—and when getting them also serving them with a directory handy for use.

Of course it costs money to advertise. But it may easily cost more money to lose that volume of business which is necessary to operate at a profit.

An intelligently planned and executed advertising campaign in the City Directory is within the reach of almost every merchant, professional man and institution. The City Directory is used millions of times annually, and costs less than one thousandths of a cent per user—the least expensive publicity ever devised.

The Sign Over Your Door Means Something to You

But It Is Only Seen by People Who Pass Your Way

Make It Visible All Over the City

By being listed in large type under every heading in the CITY DIRECTORY, where a buyer might look for you—GIVING INFORMATION that a BUYER WANTS when he WANTS TO BUY. Advertising that lives and works for a year.

Traded With Us

Volunteers enlisting in the Civil War—Spanish-American War—and the World War bought their writing materials of us—Famous Vermonters have studied our text books, and their records were permanently inscribed on forms supplied by us—Their homes have been brightened inside and out by our Wall Papers and Paints AND STILL

**We are a Century Old
and 100 Years Young**

—as anxious to serve, and
abler—than when we started
in business in 1832.
